**Easy
Step-by-Step
Instructions**

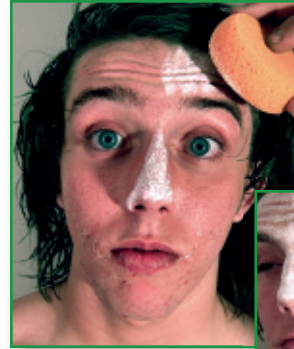

Step 1 – While hair is damp, part to the side. Using hair gel, run fingers through hair to create a messy look. Place small amounts of Green Liquid Makeup in palms and evenly work through the hair until the green is evenly distributed. This will also work well for wig applications.

Step 2 – Create the scar smile by puffing cheeks and placing Rigid Collodion on both sides of the lips, creating an upward smile. Be cautious not to get product in mouth. Apply several coats to deepen the scar, allowing to dry in between each coat.

Wash and dry the application area.

Step 3 - Create wrinkles on the face: Starting with the cheeks, push the skin together. While pushing, use a sponge to dab on the White Paradise Makeup AQ. Repeat for forehead, temples, smile lines, chin, and neck.

Step 4 – Using a clean Sponge, place Velvet Rose L.I.P Color Cream all over the lips as well as the Rigid Collodion Scar created in Step 1.

Step 5 – Finally, apply the Black Color Cup to the eye area. Use the Black Slim Pro-Pencil to add details around the eyes and lids.
